PÉNTEK CONSULTING

COMPLETE CNC MACHINERY PACKAGE – FOR SALE

Complete metalworking workshop machinery and equipment for URGENT sale

Previously used in active production; currently out of operation. The complete asset package is currently offered for sale as one lot only.

WORKSHOP CONDITION · 2026.10.

ASKING PRICE – COMPLETE PACKAGE

Current condition at site, excluding dismantling and transport

EUR 135,000 + VAT

5 KEY CNC MACHINES	30 LISTED ITEMS*	ON-SITE PHOTOS
HAAS · HURCO · EMCO	CNC + workshop	2026.10.21.

KEY CNC MACHINES

HAAS VF-8/40 (2017) • HAAS VF-6/40 (2012) • HURCO VM10i (2014) • HURCO VMX24 • EMCO E45 (2007)

The machines are currently at the site in untested condition. Detailed technical data and sales conditions are provided in the full presentation.

CNC MACHINES INCLUDED IN THE PACKAGE

The five highlighted CNC machines represent a significant share of the total package value.

HAAS VF-8/40

Vertical CNC machining center

2017

HAAS VF-6/40

Vertical CNC machining center

2012

HURCO VM10i

Vertical CNC machining center

2014

HURCO VMX24

CNC machining center

year: to be confirmed

EMCO TURN E45

CNC lathe

2007

WORKSHOP EQUIPMENT AND CONDITION

In addition to the CNC machines, the workshop includes conventional machine tools, measuring equipment, saws, auxiliary equipment and accessories.

HANGCHA CPCD25

MICRO-HITE DCC

OPTIMUM D23 PRO

KNUTH VHF-2

HYDRAULIC PRESS

DALIAN / DMTG

ADDITIONAL EQUIPMENT INCLUDED IN THE LIST

- IMET GBS218 Eco band saw (2011); IMET Xsmart 3 automatic saw (2019)
- MARK MSM screw compressor

TECHNICAL CONDITION – IMPORTANT INFORMATION

- The machines were previously in active production. Manufacturing activity stopped unexpectedly.
- They are currently disconnected from the electrical and compressed-air networks. Operability and operating hours have not been verified.
- The CNC machines have not been prepared for transport.

SALE AND LOGISTICS

The advertised package price does not include dismantling, preparation, lifting, loading, packing, transport or recommissioning. These are the buyer's responsibility/costs, or may be subject to a separate agreement. At this stage, the machinery is offered for sale as a complete package only. On-site inspection is available by prior arrangement.

A detailed asset list, additional photographs and site inspection are available upon request. Offer valid until 18 December 2026, subject to availability.

***Subject to change. This advertisement does not constitute a binding offer. Please contact us for details.**
