

The small BTS-MF60 and BTS-MF75 Waste Balers are ideal for compacting loose cardboard, paper and film but also for pressing metal buckets, tins, cans and small drums. By compacting these recyclable materials users receive a high volume reduction up to 90%, disposal cost savings and materials can be returned into recycling cycle.

cardboard

film

BTS-MF60

- Smallest baler in BTS Waste Recycling Equipment Range
- Produces small and compact bales with bale weight up to 60 kg
- Ideal for locations where space and height is restricted
- Suitable for compacting cardboard, film, clothes, also crushing cans and buckets
- Ideal for compacting small volume of waste
- CE-certified
- Quality product Made in Europe

BTS-MF75

- Smallest baler in BTS Waste Recycling Equipment Range
- Produces small and compact bales with bale weight up to 75 kg
- Ideal for locations where space and height is restricted
- Suitable for compacting cardboard, film, clothes, also crushing cans and buckets
- Ideal for compacting small volume of waste
- CE-certified
- Quality product Made in Europe
