EQUIPMENT DATASHEET

Milling Machine Tooling Cart

Description

This tooling cart contains a comprehensive assortment of clamping and setup equipment for milling machines. The components include step blocks, clamping claws, T-slot nuts, threaded bolts, spacers, support blocks, and various precision metal fixtures. The set is suitable for flexible workholding on T-slot tables and supports a wide range of machining and setup tasks. All items are organized in drawers and wooden compartments for easy access.

Technical Contents

Item	Description
Step blocks	Multiple serrated step blocks in wooden box
Clamping claws	Triangular and rectangular clamping claws
T-slot nuts	Various sizes for milling machine tables
Threaded bolts	Multiple lengths, hex-head, heavy-duty
Spacers / washers	Round metal spacers and washers
Support blocks	Rectangular and cylindrical support elements
Assorted fixtures	Additional clamping and positioning elements
Condition	Used, good workshop condition

Features

- - Wide assortment of clamping and setup tools
- - Suitable for milling machine T-slot tables
- - Heavy-duty steel components
- - Organized in drawers and wooden compartments
- - Ideal for flexible workholding and setup tasks
