

Donaldson Torit (DCE) | DCE UMA 252 G5 Dust Extractor

Sorry, this machine is no longer available

We might be able to meet your requirements with other [Dry Dust Filters](#) machines.

Stock No	ES1197J
Manufacturer	Donaldson Torit (DCE)
Model	UMA 252 G5
Serial	204907 // 205646
Approx Duty CFM / M ³ /Hr	1200 // 2400
Filter Area ft ² / m ²	250 // 25
Other Info	Secondary filtration fitted
Weight (kgs)	415kgs
External Dimensions (WxDxH mm)	1350 x 800 x 2600mm

Description

A second hand DCE Unimaster UMA 252 G5 dust extraction unit designed to stand alongside a very wide range of dust generating machinery and processes.

The UMA 252 is a compact, self contained fabric filter dust control unit complete with 3kW fan, self cleaning mechanism, ATEX rated explosion relief panel, secondary filter, easy-access filter assembly, & a 2ft3 waste container bucket with quick-release sealer gear and bucket balance facility.

Design features

- Compact Design

Minimises floor space and fits in virtually any plant layout.

- Versatility

To suit a variety of dust collection applications

- Quiet & Efficient Operation

Motors and fan are enclosed in collector housing to minimise noise.

- 2ft3 collection bucket

- Bucket balance

Allows plastic collection bags to be used within the collection buckets by equalising the pressure behind the bag and preventing it being sucked upwards.

- Explosion relief panel

Allows the unit to be safely used with potentially explosive dusts and gases, such as those generated like aluminium and flour dusts in an air enriched environment.

- Silencer box

Reduces noise levels in the environment.

- Secondary filter unit

Prevents sub • Quick-Release Lever

Allows for easy removal and maintenance of bin.

- Inlet Deflector

Knocks down larger particles into the hopper reducing bag abrasion and increasing bag filter life.

- Heavy-duty flexible metal inner bag coils

Inserted into filter bags keeps bags open to maximize airflow and assist in knocking dust off during cleaning cycle.

- Bag-Release Screws

Allow for easy removal of bags.

Electrical supply 400v/ 3ph / 50Hz / 3kw

Dimensions 1350 x 800 x 2600mm

inlet - 310 x 190mm

Weight 415kgs
